Property Description

Unique property located in Guardamar del Segura, only 700 metres from the sea. Custom made property with 4 townhouses joined together in one huge property with a huge underground garage (164m²) which fits at least 4 standard size cars. The entrance to the house is situated on the first floor and can be accessed by an elevator, which also stops at the garage level.

This property has 3 levels – first floor, second floor and large roof terrace with summer kitchen and storage rooms. First level:

Very big open kitchen, fully equipped with big kitchen island, large dining area with lots of free space, big living room, guest toilet, utility room and a storage room. Long balcony that can be accessed from any room on t...
